

THE OUTSIDE TRACK - STAGEPLAN / SOUND SPEC

Vocal mics:

SM58 or similar

Fiddle pick-up:

(Audio Technica Pro35x) requires XLR – no DI required – phantom power required

Guitar:

requires jack to DI

Four monitors preferred

Lighting:

The Outside Track are very happy for you to light the stage creatively, however please ensure that there is some white light available for the harp strings if you use stage lights with a heavy mix of red in them at any time during the performance. If all else fails please provide a desk lamp which can be pointed at the harp strings.

For queries please contact Ailie Robertson <ailie.robertson@gmail.com>
